

1. ReactJS-HOL

Output:

The image shows two windows side-by-side. The top window is a Windows PowerShell terminal with a dark background. It displays the following text: 'Compiled successfully!' in green, 'You can now view myfirstreact in the browser.', 'Local: http://localhost:3000', 'On Your Network: http://192.168.61.254:3000', 'Note that the development build is not optimized. To create a production build, use npm run build.', and 'webpack compiled successfully' in green. The bottom window is a web browser with a dark theme. The tab is titled 'React App'. The address bar shows 'localhost:3000'. The page content is not visible, but the browser interface includes back, forward, and refresh buttons, as well as an 'Install' button and a search icon.

```
Windows PowerShell
Compiled successfully!
You can now view myfirstreact in the browser.
Local:      http://localhost:3000
On Your Network: http://192.168.61.254:3000
Note that the development build is not optimized.
To create a production build, use npm run build.
webpack compiled successfully
```

React App
localhost:3000

Welcome to the first session of React
